

## BIG STATEHOOD CELEBRATION COMES TO CLOSE

### THREE DAYS' FIESTA OVER AD-MISSION OF NEW STATES IN EL PASO.

El Paso, Texas, Oct. 23.—The three days' statehood jubilee given to welcome Arizona and New Mexico into the union closed here Saturday night with the famous Os-hale parade, a civic and military pageant, four miles in length, upon which thousands of dollars had been expended.

It is estimated that 40,000 people reviewed the procession.

Governors Colquitt of Texas, Mills of New Mexico and Sloan of Arizona returned to their respective state capitals yesterday. Governor Gonzales of Chihuahua and Vice Governor Gayon of Sonora will return home tonight. With the close of the sport features today, including steer roping in Juarez, the statehood jubilee will pass into history.

## RICH STRIKE IN NORTH STAR MINE

Rumors of a rich strike on the 1250-foot level of the North Star are heard everywhere in Tonopah today. The strike was made in the drift about 60 feet east of the fault. The company had been following a stringer when the fault was encountered. This passed, they continued on east, and again found the stringer, which last night developed into a foot of high-grade ore. Should the ledge increase in size it means much for Tonopah. The new ledge is heading for the Mizpah Extension ground and also means much for that valuable group of claims. The stock jumped from 21 to 30 cents today.

### FIGHTING WELLS FARGO ALONG THE W. P. ROAD

Out in Elko and Winnemucca the people are fighting Wells Fargo in a manner that is possible by competition. Since Wells Fargo refused to pay its burden of taxation and license, that section of the state where the Western Pacific does business, the Globe Express company is maintained. The papers of Elko and Winnemucca urge the people and refuse to be stood up by Fargo when it is possible. Unfortunately the rest of the state is not in that condition and must take their medicine, no matter how bitter it tastes.

### BOB GRIMMON LOOKS WELL.

Robert Grimmon, formerly United States marshal for Nevada, is up from the coast, where he has been making his home for the past several years. Mr. Grimmon was operated upon for cancer a year or two ago and there was but the barest chance of saving his life, but he is now ruddy and strong, with not even a scar remaining to show where the knife was wielded so successfully.—Gazette.

### MANY OUT-OF-WORK MEN ARE NOW ON THE MOVE

Station tenders along the line of the railroads state that many idle men are seeking work. Every train that goes east or west has a consignment of men who are making their way to some point that they believe will improve their condition. It is said that there are more men out of employment now than at any time since 1893.

### STRIKE CALLED OFF.

COLORADO, SPRINGS, Colo., Oct. 23.—The threatened strike of engineers and trainmen on the Colorado Midland railway has been called off, according to an announcement made last night by President Vallery. The employees demanded a 7 1/2 percent wage increase. This was refused, but a compromise was reached. Mr. Vallery declined to give out the amount of increase.

### ITALIAN BLOWOUT.

PALERMO, Sicily, Oct. 23.—An explosion has occurred in a mine at Trabonella. It is reported that 100 persons were killed or injured.

### AN OLD-TIMER HAS BEEN COMMITTED

Saturday afternoon the county physician and an attending physician examined James Platt, an inmate of the poor farm, for insanity and committed him to the asylum.

While the old man is in no way dangerous, yet it has become necessary to care for him outside the county farm. He has a mania for wandering into the hills, and it has only been through strenuous effort that he has been kept on the farm. It was feared that he would wander away and die in the brush. The confinement at the state hospital will assure him good treatment and he will be under the constant care of the people who make it a business to watch such patients.

In the early days of Hawthorne Jim Platt was a prosperous blacksmith of that then prosperous camp, and was a man highly respected and well thought of. It can be truthfully said that strong drink has been the one cause of the wreck of Jim Platt.—Carson Appeal.

### POSTAL BANK OPENS BUT NO DEPOSITORS

The Winnemucca Postal Savings bank opened up for business last Friday, but not a depositor showed up. The people of Winnemucca almost to a man, deposit their money with the Nixon Banking institution of that town; they have done this for years, and will continue to do so, knowing Mr. Nixon's bank is as sound as Uncle Sam's. Hence there are no old tin can or weather-worn socks to dig up and seek a new depository. Winnemucca is one town that does not need a government bank.
